

FOR PROFESSIONAL COOLING  
SYSTEM SERVICE

# 10L COOLANT CHANGER

**FAST. CLEAN.  
CONTROLLED  
COOLANT SERVICE.**

The K&L 10L Coolant Changer provides a simple and efficient solution for routine cooling-system service. Its vacuum-assisted operation helps remove unwanted air, while separate tanks keep fresh and used coolant contained throughout the service process.

**10L**

COOLANT CAPACITY

**DUAL 2.3 GAL.**

COOLANT TANKS

**VACUUM ASSISTED**

REMOVES UNWANTED AIR

**BUILT FOR EFFICIENT  
SERVICE**

Compact, straightforward operation  
for busy automotive service bays.

# 62-3599

**01****REMOVE TRAPPED AIR**

Vacuum helps reduce unwanted air in the cooling system.

**02****KEEP FLUIDS SEPARATE**

Dual tanks separate fresh coolant from recovered coolant.

**03****SIMPLE TO OPERATE**

Straightforward controls simplify routine coolant service.

**04****SAVE SHOP SPACE**

Compact footprint fits easily into busy service bays.

**VACUUM CONTROL SYSTEM**

Simple gauge and fluid controls.

**MOBILE DESIGN**

Easy to move around the shop.

With a 10L coolant capacity and dual 2.3-gallon tanks, the K&L Coolant Changer provides a clean and organized solution for professional cooling-system service. Separate tanks help keep fresh and recovered coolant isolated throughout the exchange process.

Its vacuum-assisted operation helps remove unwanted air from the cooling system, while the compact 23 × 16.5 × 41 in. footprint makes the unit easy to integrate into busy service areas. Straightforward operation helps technicians perform routine coolant service efficiently.

**Make Cooling System Service Simple.**
