SERVICE

DOMINATOR UTV SCISSOR LIFT

LOW PROFILE. HEAVY-DUTY LIFTING.

The Dominator UTV Scissor Lift combines heavy-duty lifting capacity with a compact, low-profile design for professional service environments. Adjustable lifting arms and multiple adapters provide the flexibility needed to accommodate UTVs, light cars, and light trucks.

6,600 LB

MAXIMUM CAPACITY

4.65 IN.

MINIMUM HEIGHT

UP TO 50 IN.

HEIGHT WITH ADAPTERS

BUILT FOR VERSATILITY

Designed for UTVs, light cars, and light trucks.

35-9770

01

ADJUST TO THE VEHICLE

Four lifting arms accommodate varied vehicle sizes and lift points.

02

ACCESS MORE LIFT POINTS

Multiple adapters accommodate unique underbody locations.

03

DRIVE OVER WITH EASE

Low-profile design simplifies vehicle positioning over the lift.

04

MOVE WHERE NEEDED

Front wheels and dolly system simplify shop repositioning.

MULTIPLE LIFTING ADAPTERS

Helps reach unique underbody lifting points across different vehicles.

MOBILE DOLLY SYSTEM

Makes positioning and moving the lift easier around the shop.

With a 6,600 lb maximum capacity, the Dominator UTV Scissor Lift provides heavy-duty support for UTVs, light cars, and light trucks. Its 4.65 in. low-profile height allows vehicles to drive over the lift easily, while four adjustable lifting arms provide flexibility for different vehicle sizes and lifting points.

Multiple lifting adapters help accommodate unique underbody locations, with a maximum lift height of 45.5 in. or 50 in. with adapters. Front wheels and a dolly system make repositioning easier, giving professional shops a versatile lift that can be used in a variety of service environments.

One Lift. More Service Possibilities.
