Instruction Manual

K2600 Tire Lift

Maximum Capacity: 264 lbs (120 Kg)

The K2600 Tire Lift is designed for the safe removal and installation of heavy-duty vehicle tires and wheel assemblies.

Take the strain out of tire handling with the Tire Lift, your shop's essential tool for safe and efficient wheel installation and removal. Designed to lift and position wheels effortlessly, the Tire Lift minimizes back strain and boosts technician productivity, especially when working with heavier SUV and light truck tires.
