K8000 EV BATTERY SERVICE CART

PROFESSIONAL EV BATTERY HANDLING

AUTOMOTIVE EQUIPMENT

PRODUCT SHEET • SKU 35-88517

EASY LOCK MECHANISM

Quickly secure your desired width using the new Easy Lock system. Just slide, lock, and go. No tools required!

BUILT FOR THE WEIGHT OF EV SERVICE.

The K8000 combines high-capacity support, tool-free adjustability, and controlled mobility in one heavy-duty service cart. Designed for EV cars and trucks, it helps technicians transport and accurately position large battery packs during installation, removal, maintenance, and repair.

3,300 LB CAPACITY

Provides the strength needed to support and transport large EV battery packs and modules.

ADJUSTABLE SUPPORT RAILS

Rail width adjusts from 16.5 to 62.5 inches to accommodate different battery-pack dimensions.

TOOL-FREE EASY LOCK

Allows the rails to be quickly adjusted and secured without additional tools.

PROTECTIVE RUBBER PADS

Help protect supported components.

HEAVY-DUTY LOCKING CASTERS

Provide smooth maneuverability and controlled positioning throughout the workshop.

COMPACT STORAGE

The adjustable design can be reduced in width for more convenient storage when not in use.

PRODUCT SPECIFICATIONS

Maximum Capacity	3,300 lb
