OPTIONAL MC464 FAT JACK DOLLY ADDS MOBILITY FOR EASIER POSITIONING AROUND THE SHOP

With a 1,100 lb maximum capacity and a wider 16 × 10 in. lifting platform, the MC455 Fat Jack provides added support and stability for motorcycles, ATVs, and powersports vehicles. Its compact scissor design makes it well suited for professional shops and home garages where space and flexibility are important.

The MC455 can also be paired with the optional MC464 Fat Jack Dolly for easier movement around the shop. Optional rubber pads and riser adapters provide additional grip, surface protection, and flexibility for different vehicle frames and lifting points.

Wider Support. Dependable Performance.
