

MC455 FAT JACK #37-8660

Thank you for purchasing this K&L Product.

Please inspect this unit for damage/missing parts prior to use.

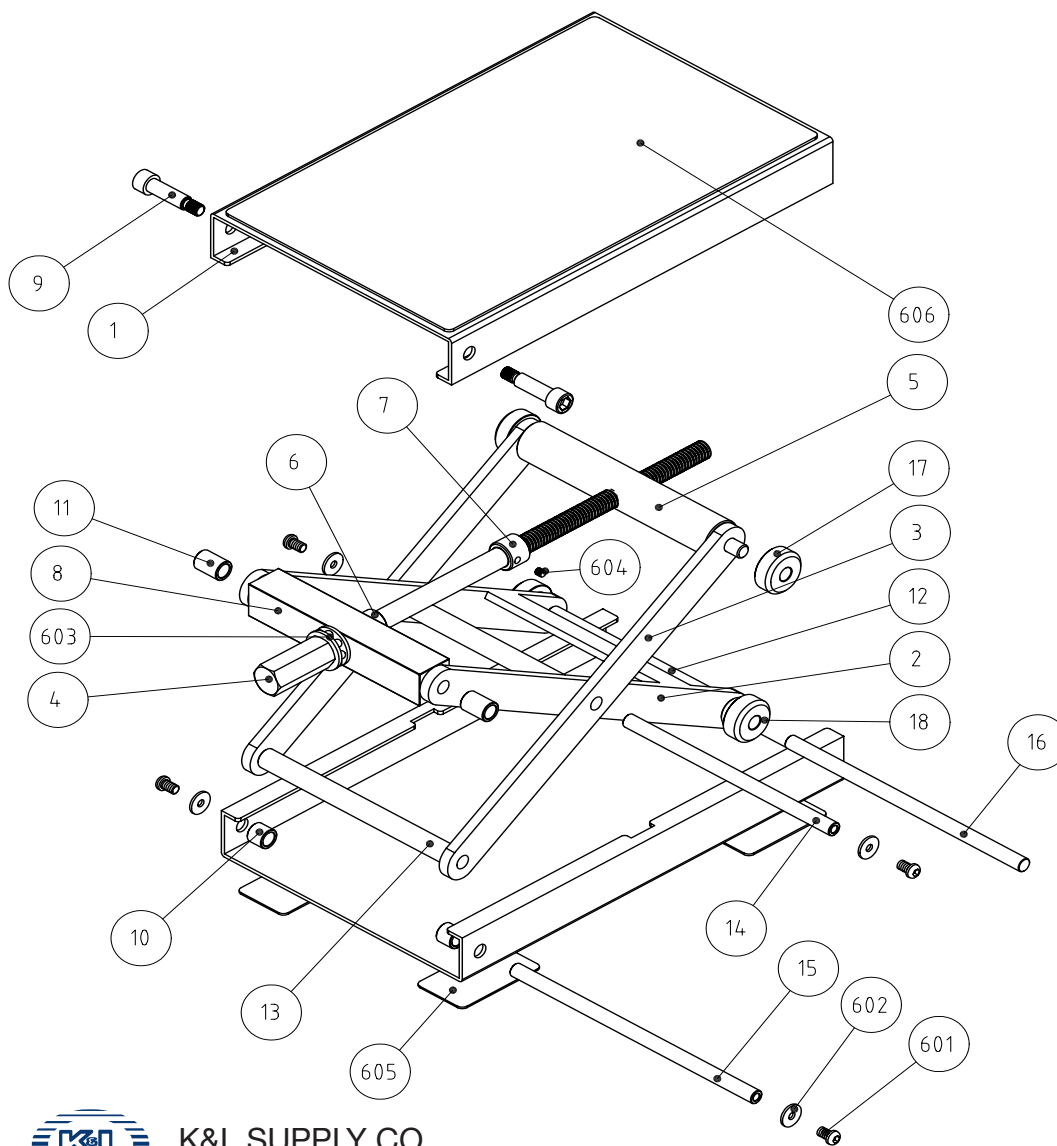

NOTE: USE THIS JACK ON A FLAT SURFACE ONLY.

- 1) Slide jack under bike and raise until jack touches frame rails or flat area of engine case. Do not use jack if there is insufficient contact area. This could cause bike to fall.
- 2) Once jack has been positioned, slowly raise bike using a wrench or ratchet.

NOTE: DO NOT use air powered tools to raise and lower the jack.

Optional:

- 37-8662 Replacement rubber pad.
- 37-8663 Right adapters.
- 37-9889 Socket.
- 37-9694 Fat Jack dolly.
