Swivel neoprene wheels provide smooth, controlled mobility.

04

PROTECT CONTACT POINTS

Rubber frame pads add grip and help protect supported surfaces.

ADJUSTABLE FRAME DESIGN

Width and height adjust for multiple lifting setups.

BUILT FOR SHOP MOBILITY

Move and position motorcycles throughout the service area.

With a 1,200 lb maximum capacity and an adjustable frame, the MC460 Shop Dolly provides a stable and flexible solution for moving motorcycles around the service area. Its 13-20 in. adjustable width and 12-15 in. adjustable height accommodate different lifting setups while maintaining a compact, practical design.

Four tie-down attachment loops help secure the motorcycle during movement, while swivel neoprene wheels provide smooth, controlled mobility around the shop. Rubber frame pads add grip and help protect contact surfaces. The MC460 is compatible with the MC450 Center Jack, MC455 Fat Jack, and MC550 MultiLift.

Move Motorcycles with Confidence and Control
