

MC460 SHOP DOLLY #35-9872 (BLUE)

Thank you for purchasing this K&L Product.

Please inspect this unit for damage/missing parts prior to use.

- 1) Inspect contents of box against Bill of Materials.
If shortages are found, contact K&L Supply Co.
- 2) Bolt casters to the frame using the hardware provided.
- 3) Slide the dolly frame rails together and adjust to desired position then tighten lock bolt.
- 4) Slide the rubber covered frame towers onto dolly and adjust to desired height by inserting the mounting pins into mounting holes.
CAUTION: Secure mounting pins with the pin locks.
- 5) After Dolly is assembled, carefully lower the Bike
(Using a K&L Multi Lift #37-9885). Position the Dolly to the center of vehicle chassis for even weight distribution.
- 6) After vehicle has been placed on dolly, use tie downs to secure vehicle;
then carefully slide the lift away from Dolly.
