

CONTROL THE BEAD.
SIMPLIFY THE JOB.

K&L STRONGARM II KIT

MORE CONTROL FOR DIFFICULT TIRE CHANGES.

Make stiff-sidewall motorcycle tires easier to handle with the K&L Supply Strongarm II Kit. Its air-assisted design helps hold the tire bead securely in the wheel's drop center while the turntable rotates, reducing manual effort and giving technicians better control throughout installation and removal.

AIR-ASSISTED

BEAD POSITIONING

ONE-PERSON

TIRE-CHANGING SUPPORT

01

CONTROL THE TIRE BEAD

Air pressure helps keep the bead properly positioned in the wheel's drop center.

02

REDUCE MANUAL EFFORT

Minimizes the physical effort required to manipulate tires with extremely stiff sidewalls.

03

WORK MORE EFFICIENTLY

Maintains bead control while the turntable rotates to support a smoother tire-changing process.

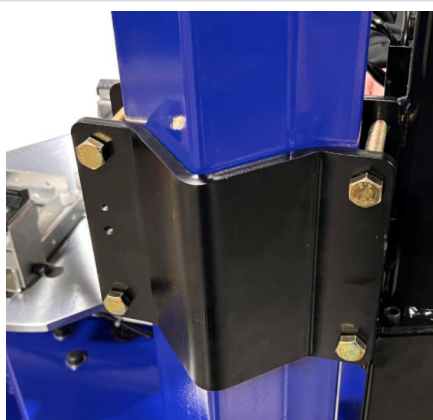

04

SUPPORT ONE TECHNICIAN

Helps turn challenging tire installation and removal into a more manageable one-person job.

CONTINUOUS CONTROL
While the turntable rotates

MOUNTING BRACKET
Secure onto tire machine

COMPATIBLE WITH POPULAR TIRE MACHINES

The Strongarm II mounting system is designed to work with many popular tire-changing machines. It is also available as a combination package with the K&L MC680 Tire Changer.

IDEAL FOR

- Touring motorcycle tires
- Police motorcycle tires
- Other stiff-sidewall motorcycle tires
- High-volume motorcycle service shops

Control the Bead. Simplify the Job.
