SERVICE**

Supports V4, V6, and trolling engines from major manufacturers.

37-8449

01

ADJUST TO THE ENGINE

Multiple height settings fit 20", 25", and 30" engines.

02

ROTATE FOR ACCESS

360° rotation improves access during repairs and overhauls.

03

MOVE WITH CONTROL

Front swivel casters and rounded handle ease shop movement.

04

BUILT FOR STABILITY

Sturdy construction helps prevent tipping during service.

BUILT FOR OUTBOARD SERVICE

Supports V4, V6, and trolling engines from major manufacturers.

ADJUSTABLE WORKING HEIGHT

Four height positions accommodate 20", 25", and 30" outboard engines.

With a 700 lb maximum capacity, the V4 / V6 Marine Engine Stand is designed to support V4, V6, and trolling engines from major manufacturers. Adjustable height settings accommodate 20", 25", and 30" engines, while the sturdy frame is designed to provide stable support during service and testing.

The stand offers 360° engine rotation for improved access during repairs and overhauls, along with front swivel casters and a rounded handle for easier maneuvering. An integrated battery tray, throttle control bracket, and open center area for a test tank create a complete and organized marine service platform.

SIMPLIFY MARINE ENGINE SERVICE.
