ZINC-PLATED

MOUNTING BOARD

BUILT FOR LARGE OUTBOARD SERVICE

Heavy-duty support for professional marine shops.

37-8429

01

SUPPORT BIG OUTBOARDS

Designed for large six-cylinder and eight-cylinder engines.

02

CORROSION-RESISTANT DESIGN

Zinc-plated mounting board helps withstand marine shop conditions.

03

MOVE WITH CONTROL

Large wheels and pin-locking handle simplify shop movement.

04

ADDED STABILITY

Outrigger attachment provides extra support for heavy engines.

PRE-DRILLED MOUNTING BOARD

Simplifies engine mounting and setup.

TOOL TRAY

Keeps essentials close and adds support during service.

With a 1,000 lb maximum capacity, the Dreadnought V6 / V8 Outboard Stand is built to support today's large six-cylinder and eight-cylinder outboard motors. Its heavy-duty construction provides a stable platform for mounting, transporting, and servicing large engines in professional marine environments.

A pre-drilled zinc-plated mounting board helps simplify installation while resisting corrosion. Large easy-rolling wheels and a pin-locking handle provide controlled shop mobility, while the included tool tray and outrigger attachment add everyday convenience and stability.

BUILT TO HANDLE LARGE OUTBOARD SERVICE.
